Oh hi, great to see you!

Let us take you on a little culinary journey to a time when Britney Spears did it again (oops!), David Beckham bent it like hell and sushi was an exotic curiosity – back to the 90s and 2000s. Our food is made with fresh ingredients, fresh ideas and always fresh memories.

*And if you like it so that you don't want to part with us, head to the patio for cocktails, wine and snacks or down to the club to dance a little. Because **LASTRIKO** is more than a place, it is a state of mind – one that likes to last.*

Have fun!

HEAD BARTENDER: PIOTR SITO

Let's go back to the times when you had the first sip of some sweet liqueur from a bottle your Ma used to hide in her cabinet, and when you ordered your first legal drink, all blushing. Our cocktails are easy-going and fun: they're twists on the classics from the '90s and' 00s. It's because in memories everything tastes so good!
